## Wacky People Dichotomous Key Practice

Melvin

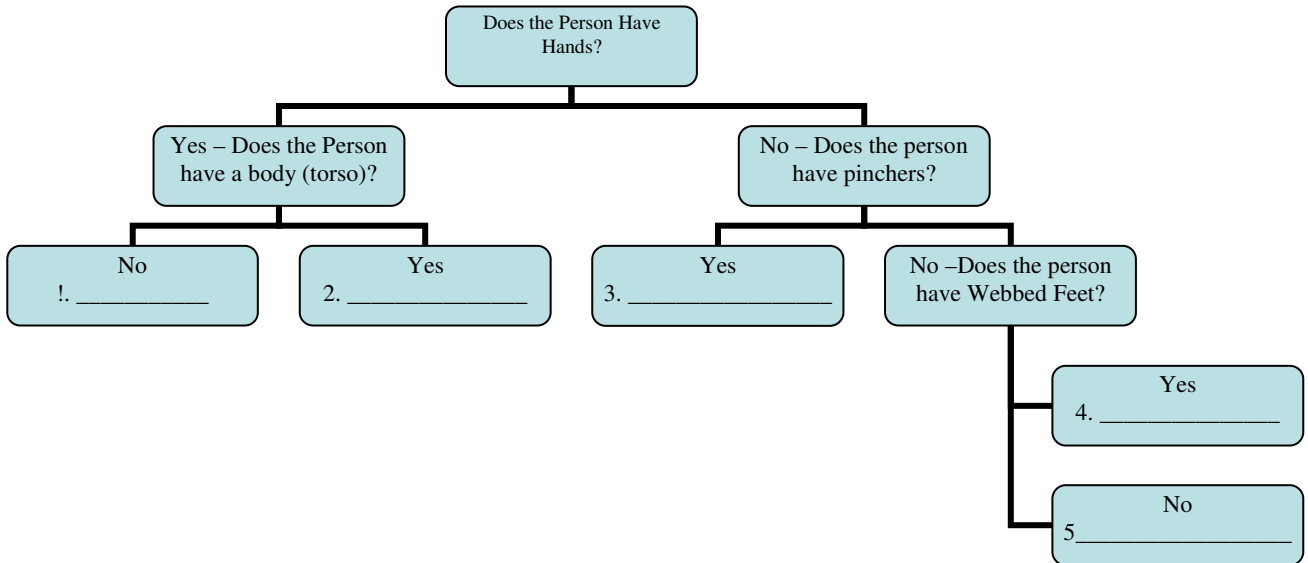

George

Shirley

Alice

Charlie

Figure out the wacky person by answering the following questions.

Who are the wacky people?

1. \_\_\_\_\_

2. \_\_\_\_\_

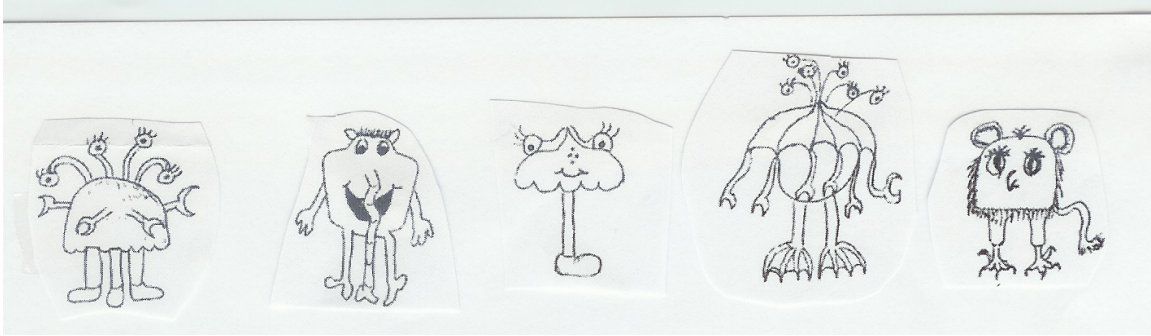

3. \_\_\_\_\_

4. \_\_\_\_\_

5. \_\_\_\_\_

Name \_\_\_\_\_

Date \_\_\_\_\_

Now it's time to create your own **Wacky People** Dichotomous key!

1. Name your people
2. Create questions about the people in order to classify them by their characteristics.
3. Use your math template to create a chart similar to the one you just completed.
4. Make an answer key on a separate piece of paper.
5. Have another student solve your dichotomous key.

Name \_\_\_\_\_

Date \_\_\_\_\_
